# Fantasy Island (Roatan, Honduras) Trip

## March 13-20, 2010

**Fantasy Island** (See also: [www.fantasyislandresort.com](http://www.fantasyislandresort.com))

Fantasy Island is a 21 acre private island resort on the island of Roatan. Roatan is located just over 30 miles off the northern coast of Honduras and is one of the three Bay Islands of Honduras.

Rooms are air conditioned with an ocean view, tasteful furnishings with satellite TVs and private balconies overlooking the white sand beach and the turquoise-blue Caribbean Sea

### **Diving**

Roatan offers excellent Caribbean diving. The Fantasy Island Dive Center operates six dive boats that can accommodate five to twenty divers. Many dive sites are a short ride from the Dive Center. The Dive Center is adjacent to the lodge and has a gear storage room next to the boat dock. Rental dive gear is available at the Dive Center. Only tanks and weights are included in the package price. All other equipment is the responsibility of the diver. Pirates Cove Scuba has learned over the years that the quality of dive gear available at dive resorts can vary significantly and we can offer no assurances about the gear available at the Fantasy Island Diver Center.

### **Other Activities**

There is a fresh water swimming pool and beautiful beaches at the Fantasy Island Resort. One never need leave the resort but there are several communities around the island to visit. The island itself is very narrow but about 40 miles long. Taxi service is available to tour the island. Shopping and restaurants are available at several locations; probably the most popular are Coxen Hole and West End. Coxen Hole features the local atmosphere while West End has more of a European atmosphere. Both are interesting and worth a visit, we think.

### **Pirates Cove Cancellation Policy**
